

REMARKS

Claims 1 to 10, 17, 26, 33, 34 and 39 to 46 are pending.
No claims are allowed.

A replacement sheet for FIG. 4 accompanies this amendment. It is for the purpose of deleting numerical designation "29", which is not discussed in the specification. Since there is no discussion regarding their significance, the double headed arrows on bars 68 have also been deleted.

An annotated sheet for that figure is also attached.

A substantive examination on the merits of the pending claims is requested at an early date.

Respectfully submitted,

Michael F. Scaliise
